| GEN-01 | <b>First sign-in and accountability statement</b><br>1. Sign in with the username and ChangeMe!2026.<br>2. Read the statement with your name and company ID, tick the box, press I accept.<br><b>You should see:</b> The Dashboard opens. The menu shows only the screens for this role. | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |                         |
| GEN-02 | <b>Help &amp; Guide and picture guide</b><br>1. Open Help & Guide.<br>2. Open Picture guide (screenshots).<br><b>You should see:</b> My guide shows the steps for this role only. The picture guide opens with numbered red boxes.                                                       | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |                         |
| SA-01  | <b>Branch dashboard</b><br>1. Open the Dashboard.<br><b>You should see:</b> Today's sales by payment type (cash, online, card, AR...), cash on hand, weekly count, discrepancies and charges. Only your branch.                                                                          | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |                         |
| SA-02  | <b>Walk-in cash sale</b><br><i>Flow F4 · Selling and special prices</i><br>1. New Sale → DR/SI no., Walk-in, Cash → add an item → Save sale.<br><b>You should see:</b> Stock drops at once. Today's cash on the dashboard goes up.                                                       | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |                         |
| SA-03  | <b>Delivery sale</b><br>1. New Sale → Delivery, choose a rider, type the delivery fee → Save.<br><b>You should see:</b> Saved with rider and fee.                                                                                                                                        | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |                         |
| SA-04  | <b>Online payment needs proof</b><br>1. New Sale → Online. Save without an account or screenshot.<br>2. Choose Gcash (GWS), upload a screenshot → Save.<br><b>You should see:</b> Refused first; saved once the account and proof are given.                                             | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |                         |
| SA-05  | <b>Special price</b><br><i>Flow F4 · Selling and special prices</i><br>1. New Sale → lower a price below the list price → Save.<br><b>You should see:</b> Saved, and the Owner gets a Special price approval. You never see cost.                                                        | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |                         |

| No.   | What to do and what you should see                                                                                                                                                                                                                                                                                                                                                                                                                                                                           | Pass                     | Fail                     | N/A                      | Notes (what went wrong) |
|-------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------|--------------------------|--------------------------|-------------------------|
| SA-06 | <b>Credit sale, with and without PDC</b><br><i>Flow F5 · Credit sale and collection</i><br>1. New Sale → payment AR / PDC → press Dealer, then Franchisee.<br>2. Pick a dealer, type the due date, leave 'There is a PDC' unticked → Save.<br>3. Another credit sale: tick 'There is a PDC' and try to save without cheque no.<br><b>You should see:</b> Dealer lists only dealers; Franchisee only franchisees. Without the tick no cheque is asked. With the tick, bank, cheque no. and date are required. | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |                         |
| SA-07 | <b>Incentive paid from the sale</b><br>1. New Sale → + Add incentive expense (sales, ₱50) → Save.<br>2. Open Daily Close & Deposit.<br><b>You should see:</b> Expected cash is ₱50 lower and the incentive shows as a branch expense.                                                                                                                                                                                                                                                                        | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |                         |
| SA-08 | <b>Void before the report</b><br>1. Sales List → open today's sale → Void with a reason.<br><b>You should see:</b> The sale is voided and the stock returns.                                                                                                                                                                                                                                                                                                                                                 | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |                         |
| SA-09 | <b>Request stock</b><br><i>Flow F2 · Branch asks for stock and receives it</i><br>1. Transfers & Pull-outs → Request stock from the warehouse → items → Send.<br><b>You should see:</b> The warehouse is notified. 'From' is fixed to your branch on your own pull-outs.                                                                                                                                                                                                                                     | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |                         |
| SA-10 | <b>Receive a complete delivery</b><br><i>Flow F2 · Branch asks for stock and receives it</i><br>1. Open the incoming transfer → Tick all → Confirm receipt.<br><b>You should see:</b> The items are added to your stock.                                                                                                                                                                                                                                                                                     | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |                         |
| SA-11 | <b>Receive with a difference</b><br><i>Flow F3 · Transfer received with a different quantity</i><br>1. Open the 2-piece transfer from the warehouse. Leave the line unticked, type 1 and 'only 1 in the box'.<br>2. + An item arrived that is not on the form → pick it, qty 1.<br>3. Confirm receipt.<br><b>You should see:</b> Only what you received goes into stock. You are told of each step. After the decision, the -002 (and -003) forms show on the transfer.                                      | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |                         |
| SA-12 | <b>Record a customer payment</b><br><i>Flow F5 · Credit sale and collection</i><br>1. AR & Collections → tick the invoice → amount, online, account, screenshot → Send.<br><b>You should see:</b> It shows 'Waiting for Accounting'. If rejected, the notification gives the reason; fix and send again.                                                                                                                                                                                                     | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |                         |

| No.   | What to do and what you should see                                                                                                                                                                                                                                                                                                                                                                                                 | Pass                     | Fail                     | N/A                      | Notes (what went wrong) |
|-------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------|--------------------------|--------------------------|-------------------------|
| SA-13 | <b>Receivables list</b><br>1. Dashboard and AR & Collections.<br><b>You should see:</b> Receivables nearest due first; overdue in red.                                                                                                                                                                                                                                                                                             | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |                         |
| SA-14 | <b>Expense bigger than the cash on hand</b><br><i>Flow F6 · Cash, daily close and deposit</i><br>1. Expenses → Paid from Cash on hand → amount bigger than the cash on hand shown → Save.<br>2. Press Pay from the cash fund.<br><b>You should see:</b> A notice pops up and nothing is saved from cash on hand. Paying from the cash fund works.                                                                                  | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |                         |
| SA-15 | <b>Replenish the cash fund</b><br>1. Petty Cash Fund → Replenish from today's cash sales.<br><b>You should see:</b> The fund goes up and today's cash to deposit goes down.                                                                                                                                                                                                                                                        | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |                         |
| SA-16 | <b>Weekly count sheet with the day's movements</b><br><i>Flow F7 · Weekly count and discrepancy</i><br>1. Stock Counts → Start my weekly count sheet.<br>2. Look at the columns, then type the actual counts (one item short) → Submit count.<br><b>You should see:</b> Items in the system come first. Columns show Beginning, +Received, +Transfer in, +Returns, -Sales, -Transfer out, ±Other and Expected. A 7-day case opens. | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |                         |
| SA-17 | <b>Explain a discrepancy</b><br><i>Flow F7 · Weekly count and discrepancy</i><br>1. Dashboard → the case in red → Explain → type why → Send.<br><b>You should see:</b> It goes to the Head Auditor. Days left are shown.                                                                                                                                                                                                           | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |                         |
| SA-18 | <b>Close the day</b><br><i>Flow F6 · Cash, daily close and deposit</i><br>1. Daily Close & Deposit → count by denomination → Save cash count.<br>2. Daily Sales Report → Submit today's report... → tick 'true and correct' → I agree — submit.<br>3. Try a new sale.<br><b>You should see:</b> The report is submitted and the day is closed: the new sale is refused.                                                            | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |                         |
| SA-19 | <b>Change a closed day</b><br><i>Flow F16 · Changing a closed day</i><br>1. Open a sale from a closed day → Void → Request post-close void.<br><b>You should see:</b> It needs both the Head Auditor and the Asst Auditor.                                                                                                                                                                                                         | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |                         |

| No.   | What to do and what you should see                                                                                                                                                                                                                                                                                                                                                 | Pass                     | Fail                     | N/A                      | Notes (what went wrong) |

| SA-38 | <b>Plastic for a store or walk-in customer</b><br><i>Flow F26 · Sale to a franchise with shipping to follow</i><br>1. New Sale → Walk-in → add an item and Plastic S.<br>2. Save. Then another sale: type a price of 2 on the plastic line → Save.<br><b>You should see:</b> The plastic is free (P0) the first time; the second time it is a sold item at the typed price.                                                                                                                                                                                                                                 | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |                         |
| SA-39 | <b>A customer returns an item: open a replacement ticket</b><br><i>Flow F27 · Customer return and replacement ticket</i><br>1. Replacement Tickets → Customer returned an item.<br>2. Type the DR number (or the customer name) → press the item line → quantity, reason, notes → Open the ticket.<br>3. Attach a photo of the item on the ticket page.<br><b>You should see:</b> The ticket (RT number) names the DR, the customer and the branch that made the sale. You cannot return more than was sold. The auditors, Accounting, the Owner, the DR's sales associate and the other branches are told. | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |                         |
| SA-40 | <b>Give the replacement for another branch's ticket</b><br><i>Flow F27 · Customer return and replacement ticket</i><br>1. Replacement Tickets → open a customer ticket made at another branch.<br>2. Press We gave the replacement → search another product (or keep the same) → Save.<br><b>You should see:</b> The replacement leaves your stock. The price difference against the DR is shown (customer pays or refund). The Head Auditor approves; then the ticket closes. A second branch cannot tick it again.                                                                                        | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |                         |
| SA-41 | <b>Confirm the price difference</b><br><i>Flow F27 · Customer return and replacement ticket</i><br>1. Open the closed ticket you replaced → press The customer paid the difference (or The refund was given).<br><b>You should see:</b> Marked settled; Accounting is told.                                                                                                                                                                                                                                                                                                                                 | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |                         |
| SA-42 | <b>Give stock to Prothin Marketing / GWS Marketing / BO</b><br><i>Flow F29 · Stock given to Prothin Marketing, GWS Marketing or BO</i><br>1. Transfers & Pull-outs → To → Stock given out → Prothin Marketing.<br>2. Tick Endorse to Accounting as an expense → add an item → Create draft → Submit.<br>3. After the Head Auditor approves, check Stock on Hand.<br><b>You should see:</b> The Head Auditor approves; the stock leaves your branch at once. Accounting is asked to book it at cost.                                                                                                         | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |                         |
| SA-43 | <b>Delete an unfinished draft</b><br><i>Flow F30 · Deleting an unfinished draft</i><br>1. Create two pull-out drafts, open the first → Delete draft.<br>2. Open the second draft.<br><b>You should see:</b> The first is gone and the second now carries the first one's number. A submitted form cannot be deleted.                                                                                                                                                                                                                                                                                        | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |                         |

| No.   | What to do and what you should see                                                                                                                                                                                                                                                                                                                                                                                      | Pass                     | Fail                     | N/A                      | Notes (what went wrong) |
